WHAT WE DO

We work with young people who feel marginalised or disaffected and struggle to engage in "traditional" settings by offering engaging and varied 1-2-1 & small group sessions.

We focus on vocational and portfolio-based qualifications to enable the young people we work with the opportunity to feel that they can achieve and experience success.

We also work with adults who have struggled to engage in positive activities or education and also deliver qualifications to professionals.

We also have working relationships with a multitude of organisations, including U-Turnships, Active Essex, PFCC and local academies, and are an approved IPES provider by Essex Council.
